Mirror Monster

by

Maya Dowling

Gwen is standing on the edge of a cliff by the ocean. She feels the wind whip her face; she feels so free. Then suddenly she feels a cold hand on her shoulder then all of a sudden, everything goes black.

She wakes up in a dark musty room. "Where am I?" she thought. Her eyes slowly adjusted to the darkness. She saw that the room was well decorated.

Gwen decided that she should call Flora. When Flora didn't answer Gwen, texted her. But while Gwen was waiting for her she decided she should explore this strange house. Suddenly Gwen heard a knock. She moved towards the noise. It stopped when she was in front of a mirror, then Gwen saw a little girl trapped in the mirror! Gwen screamed. And ran out of the house.

When she arrived at Flora's house she banged at the door until Flora opened the door and let her in. All of a sudden Flora screams a piercing scream, Gwen whips around to see why.

"Hello" whispers a creepy figure covered in bloodstains and burns. "I've come to see a friend" the figure said." HELP!" screamed Gwen and Flora. "Gwen come here now!" shouted the figure with a wicked grin. Gwen didn't move so the figure grabbed her arm and disappeared. Flora was terrified and petrified but she decided to save Gwen.

Flora slowly approached the creepy abandoned house. She heard a rustling in the bushes and something jumped out at her. But to her relief it was just Pepper her dog. "Pepper what are you doing here?" wondered Flora. "Anyway, lets go Pepper" said Flora "Gwen needs us".

Meanwhile Gwen just woke and she was staring at a mirror with the monster in it.

"AAHH!" shrieked Gwen.

"Hello" muttered the monster "you can help me".

"How" demanded Gwen.

"By standing just there" the monster pointed to a circle in front of the mirror. Then suddenly the monster jumped out and bit Gwen.

"Ahh!"

"Gwen are you ok?" "yes, thank god" Gwen cried.

"Now step out of the circle and the monster will disappear. I promise" said Flora.

After Gwen stepped out they ran as fast as the wind.

The End
